Description PA Motorsport owns the rights and original moulds for all the Macon racing cars. We can provide bodywork for MR5, MR6, MR7 and MR8 cars to order. All bodywork can be finished in a gel coat colour of your choice eliminating the need for painting and resulting in a light and scratch / chip resistant panel. We keep some panels in stock in several popular colours. The photograph shows a Macon MR8 with bodywork in a gel coat finish – no paint!
