Description

PA Motorsport Stainless FF1600 Exhaust systems

PA Motorsport can provide our latest stainless exhaust systems as used on our own cars.

These systems are a 'side exit' type and are currently used on Macon, Merlyn, Crossle, Jamun and Nike Formula Fords.

They will fit most FF1600 cars where a side exit exhaust is required.

These systems were developed on our own cars to win the 2010 historic FF Championship winning every race of the year and taking 10 new lap records.

They can be supplied as pictured or with a new stainless silencer.
